Forecast For Dumfries, Galloway, Lothian & Borders
Issued by Met Office Aberdeen
at 0400 on Saturday 04 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with rain, hill snow by morning, then brightening up.

Today:
Rather cloudy in the morning with outbreaks of rain and hill snow. Becoming drier and somewhat brighter through the afternoon in the west. Cloud and possible rain may not clear East Lothian by evening with strong winds here later too. Maximum temperature 6 deg C (43 deg F).

Tonight:
Strong northerly winds in the east with some rain or hill snow possible for upland areas through the evening. Mostly dry and clear for Dumfries and Galloway with frost likely. Minimum temperature 1 deg C (34 deg F).

Sunday:
Mainly dry and clear in the west but perhaps cloudier with a feed of wintry showers into the east coast. Clouding over later in the west. Maximum temperature 5 deg C (41 deg F).

Outlook for Monday to Wednesday:
A wet day Monday with some snow on higher ground, strong winds later. A brief interlude of brighter conditions on Tuesday before further rain and strong winds later and Wednesday.
